EXPERIENCE

Python Developer

SUMMIT SOLUTIONS KANNUR, KERALA

FEBRUARY 2024 – PRESENT

- Ensured high code quality by adhering to best practices, performing rigorous testing, and refactoring for scalability and efficiency.
- Collaborated with cross-functional teams to ensure seamless integration and on-time delivery of features.
- Enhanced development skills by staying up-to-date with the latest Python and Django advancements.

Full Stack Development Intern (Python)

INTEGOS INTELLIGENT SOLUTIONS KANNUR, KERALA

JULY 2023 – JANUARY 2024

- Completed three full-cycle projects, gaining hands-on experience in both front-end and back-end development.
- Utilized Python and Django to build robust RESTful APIs, manage SQL databases, and implement scalable backend services.
- Developed responsive, user-friendly interfaces using HTML, CSS, and basic JavaScript, improving overall application usability and performance.

PROJECTS

Arakkal Palace – Restaurant Management System

- Built a web & mobile app using Django REST, automating restaurant ops for 10+ venues, reducing manual work by 60%.
- Integrated food ordering, reservations, and payments handling 1K+ orders/week with 99.5% success.
- Created Waiter App used by 50+ staff, speeding up order processing by 40%.
- Added RBAC for enhancing data security.
- Optimized real-time table tracking, reducing double bookings by 90% and API lag by 35%.

Van Sales – Inventory and Accounting module (ERP)

- Built 12+ Django REST APIs handling 1K+ daily requests with <300ms latency; improved performance by 40%.
- Automated data sync and implemented RBAC for 6 roles, cutting manual work by 80% and securing access for 500+ users.
- Achieved 95% test coverage, reducing bugs by 70% and increasing reliability.
- Migrated 3K+ legacy records to MySQL with zero downtime and no data loss.

360 Solve ESS – Employee Self-Service Application

- Launched a mobile ESS app using Django REST, used by 100+ employees to track attendance, apply for leave, and view HR insights.
- Automated leave and attendance workflows, reducing HR's manual processing time by 70%.
- Enabled real-time status tracking and manager approvals, improving request resolution time by 60%.
- Implemented RBAC for 4 user roles, ensuring secure, role-specific access across all features.

SKILLS

- Programming Languages: **Python, HTML, CSS, React.js**
- Frameworks: **Django, Django REST Framework (DRF)**
- Databases: **PostgreSQL, MySQL, MS SQL Server, SQLite**
- Version Control & DevOps: **Git, Git Hub, GitHub Actions, Docker**
- Data Analysis: **Pandas**
- API Development: **RESTful APIs**

EDUCATION

- **Bachelor of Computer Applications (BCA)**
Kannur University, Kannur, Kerala
2019 – 2022
- **Higher Secondary (Science)**
AKGSGHSS Peralassery, Kannur, Kerala
2017 – 2019
